

Japan Ship Exporters' Association

The “Japan Seminar-Challenges by Japan” at the Posidonia 2024

International Shipping Exhibition will be available in live via YouTube

Japan Ship Exporters' Association (JSEA) will participate in the Posidonia 2024 International Shipping Exhibition, which will be held in Greece from 3 (Mon) to 7 (Fri) June this year.

During the exhibition, a “Japan Seminar-Challenges by Japan” will be held from 13:30 on Tuesday 4 June in the Posidonia Seminar Room Central in the exhibition hall, covering the issues related to the rapid progress of technological innovation in the maritime sector and the growing momentum for environmental regulations worldwide.

The Seminars will be delivered in live via YouTube, which you are cordially invited to view at the following URL.
